

Goal Setting

February 2026

HOW TO SET SMART GOALS FOR YOUR TEAM MEMBERS

Understand Company Priorities: (see appendix)

Start by identifying the company priorities and your leader's goals that tie to your team's performance.

Define SMART Goals

Create goals that are Specific, Measurable, Achievable, Relevant, and Time-bound to ensure clarity and accountability for each of your employees (W2).

Co-Create Goals with Employees

Meet with your employees to align on their set 3-4 SMART goals aligned with team and company objectives. And set one development goal focusing on skills like leadership, communication, or technical expertise for future growth.

Document the Goals

Populate the Goal Spreadsheet by **March 13th**, the HR team will load the goals into Paycom for each employee. (email sent on 2/23 with link to enter goals in excel file)

**Note: this is for C5MI employees (W2) only*

SMART GOALS

SMART
Goals:

Strategic

Measurable

Aligned

Relevant

Timely

Example SMART Goals

- By **December 31, 2026**, support capture efforts on at least **8 priority opportunities** by **contributing to capture plans, win themes, and competitor analyses**, resulting in a **minimum 30% win** rate on submitted proposals.
- By June 30, 2026, the customer support team will reduce average response time from 12 hours to 8 hours by implementing a new ticket prioritization process and providing one refresher training session.
- By December 31, 2026, ensure SAP Transportation Management system stability by resolving 95% of TM production incidents within SLA timelines, reducing repeat incidents by 20%, and documenting all fixes and configuration changes in the solution repository within five business days.

Entering Your Teams' Goals

	A	B	C	D	E	F	G
1	EID	Last Name	First Name	Job Title	Business Goal 1	Business Goal 2	Business Goal 3
7	1015	BURTON	ASHTON LANORA	Project Manager II			
8	1002	ARNOLD	DYLAN TAYLOR	Project Manager III			
9	1014	BULLOCK	DAVID BRIAN	Project Manager III			
10	1346	MASSEY	RICH	Project Manager III			
11	1162	MCKINNEY	MICHAEL LAWRENCE	SAP Technical Enterprise Architect			

1. Look for an email from 2/23 with a link to the file
2. Click on your tab of the workbook
3. Enter the goals for each of your employees
4. For like roles, consider assigning the same goals

Customer/Stakeholder Satisfaction ((Customer satisfaction)
Increase customer and stakeholder satisfaction on the project, contributing to Very Good CPARS scores and/or 9.0+ NPS scores
By April 30, 2026, establish a simple stakeholder engagement plan (monthly 1:1s with key sponsors, feedback questions, and a log of actions).
For the remainder of 2026, conduct at least one structured feedback touchpoint per quarter with primary customer stakeholders and document actions in the APEX RAID/stakeholder log.
Achieve an average NPS of 9.0 or higher on any internal or customer satisfaction surveys for my project in 2026, and contribute to above-average CPARS inputs where applicable.

On-Time Gateways and Deliverables (Schedule adherence)
Complete all contract milestones/gateways on time with clean internal pre-gateway checks.
For all 2026 contract milestones and APEX gateways on the project, maintain a detailed schedule with at least four-week look-ahead tasks and owners, updated weekly.
Achieve 100% on-time completion of my project gateways in 2026, with all required deliverables accepted at the internal pre-gateway review (no last-minute rework delaying formal gateway approvals).

Risk, Issue, and Scope Co quality)
Use documented APEX risk processes to manage risk scope so the project stays budget and schedule.
By April 30, 2026, implement maintain an APEX RAID to Monday.com) for the project owners, due dates, and in Review RAID and scope of core team and customer bi-weekly, documenting d actions.
Over 2026, keep unplanned changes from impacting t approved schedule by mc without a documented ch CI story point request.

Customer/Stakeholder Satisfaction ((Customer satisfaction)
Increase customer and stakeholder satisfaction on the project, contributing to Very Good CPARS scores and/or 9.0+ NPS scores
By April 30, 2026, establish a simple stakeholder engagement plan (monthly 1:1s with key sponsors, feedback questions, and a log of actions).

On-Time Gateways and Deliverables (Schedule adherence)
Complete all contract milestones/gateways on time with clean internal pre-gateway checks.

Goal Description

- o Create one standard PMO dashboard for our projects/programs using Monday.com.
- o By May 31, 2026, define a core PMO metric set (schedule, scope, risk, financials, customer health) and build a simple dashboard template across programs/projects.
- o By June 30, 2026, have those projects updating and reviewing this dashboard at least monthly in our C5MI PMR.
- o Ties to: Priority 3 – World-Class Delivery Excellence and Program Management; Priority 2 – Financial Discipline and Profitable Growth.

Q3 check-in, informal conversations about goal progress and performance

Dec–Jan 2027

Year end review with rating

Feb–Mar 2027

Merit and Bonus planning tied to individual rating and company performance

On-going communications and training

Appendix

2026 Company Priorities

Priority 1: Scaled Customer Growth Through Platforms, Products, and Expansion

- **Grow and diversify revenue** by winning recompetes, expanding existing customers, entering new agencies, and monetizing integrated platforms and products.

Priority 2: Financial Discipline and Profitable Growth at Scale

- **Drive growth while maintaining strong margins**, disciplined cash flow, and predictable financial performance supported by clear investment guardrails and rigorous forecasting.

Priority 3: World-Class Delivery Excellence and Program Management

- **Deliver consistently high-quality outcomes** that build customer trust, drive expansion, and maintain superior CPARS and satisfaction scores.

Priority 4: Workforce, Leadership, and Organizational Maturity

- **Build a scalable, high-performing workforce** through intentional hiring, structured talent development, strong leadership pipelines, and organizational practices that support sustained growth.

Priority 5: Technology, Product, and Infrastructure Enablement

- **Enable growth** through secure technology, scalable product and platform development, OEM-aligned capabilities, SaaS solution creation, and infrastructure that supports compliance and customer requirements.
