DIRECTOR SKILLS MATRIX

Objective

Demonstrates the alignment between executive leadership experience and the strategic oversight responsibilities expected of an Independent Director, highlighting the expertise, judgment, and enterprise perspective brought to Board deliberations.

Board Competency	Relevant Executive Experience	Board Value & Contribution
Enterprise Strategy	More than 25 years advising Fortune 100 organizations, global consulting firms, and U.S. Department of Defense agencies on enterprise transformation, modernization, and technology strategy.	Brings an enterprise-wide perspective that supports strategic planning, organizational performance, and long-term value creation.
Artificial Intelligence & Emerging Technologies	Chief AI Officer responsible for enterprise AI strategy, governance frameworks, and responsible adoption across commercial and defense environments.	Provides informed oversight of AI adoption, emerging technologies, and innovation initiatives while balancing opportunity with organizational accountability.
Technology Strategy & Digital Transformation	Executive leadership across Google Cloud, Google Public Sector, AWS, Deloitte, and enterprise consulting engagements supporting complex transformation initiatives.	Assists Boards in evaluating technology investments, modernization priorities, and digital strategies that strengthen long-term organizational capability.
Cybersecurity & Enterprise Risk	Extensive experience supporting highly regulated commercial, public sector, and defense organizations, complemented by an active U.S. Department of Defense Top Secret Clearance.	Contributes insight into enterprise resilience, cybersecurity awareness, regulatory considerations, and risk-informed decision-making.
Capital Investment & Business Transformation	Led enterprise cloud, ERP, analytics, and modernization initiatives while advising executive leadership on business transformation priorities.	Supports thoughtful evaluation of strategic investments that enhance organizational effectiveness, scalability, and sustainable growth.
Regulatory &	Career spanning defense, public sector, life	Offers practical perspective on

Board Competency	Relevant Executive Experience	Board Value & Contribution
Compliance	sciences, manufacturing, and other highly regulated industries requiring disciplined operational and compliance practices.	operating within complex regulatory environments while supporting responsible organizational oversight.
Executive Leadership	Trusted advisor to executive leadership teams across enterprise transformation, technology modernization, and strategic initiatives.	Brings independent judgment, collaborative leadership, and strategic perspective that strengthen Board deliberations and executive engagement.
Strategic Partnerships & Stakeholder Engagement	Developed and strengthened relationships across Google, Microsoft, SAP, Deloitte, public sector organizations, and strategic alliance partners.	Encourages productive stakeholder relationships, cross-sector collaboration, and strategic partnerships that support organizational objectives.
